Roux's Archives of Developmental Biology

The Archiv für Entwicklungsmechanik was founded in 1894 by *Wilhelm Roux*. Vols. 1–43 (1918) Leipzig, Engelmann. From Vol. 44 called *Wilhelm Roux's Archiv für Entwicklungsmechanik der Organismen*, Organ für die gesamte kausale Morphologie, Berlin, Springer, Vols. 52/97, in a transition volume in 1923. From Vol. 98 to Vol. 104, combined with the Archiv für mikroskopische Anatomie founded in 1864 till 1876 (Vol. 13) edited by *M. Schulze*, Vol. 13, No. 4 to Vol. 35 (1890) edited by *La Valette St. George*, *W. Waldeyer*, Vols. 36 to 43 (1894) edited by *O. Hertwig*, *La Valette St. George*, *W. Waldeyer*, from Vol. 44 as Archiv für mikrobiologische Anatomie und Entwicklungsgeschichte. Vols. 77–95 (1910–1922) in two sections Bonn, Cohen. From Vol. 96 Berlin, Springer. Vols. 98–104 (1925) combined with Roux's Archiv and again published separately from 1925 as Zeitschrift für Zellforschung, Vol. 2 and following. Vols. 105–130 as Zeitschrift für wissenschaftliche Biologie, Abteilung D, edited by *Wilhelm Roux*, *H. Speman*, *W. Vogt*, *B. Romeis*. From Vol. 131 (1933) under the single title. From Vol. 143 (1947) Berlin, Springer, and Munich, Bergmann. From Vol. 181 (1977) Heidelberg, Springer.

Submission of a manuscript implies: that the work described has not been published before (except in the form of an abstract or as part of a published lecture, review, or thesis); that it is not under consideration for publication elsewhere; that its publication has been approved by all coauthors, if any, as well as by the responsible authorities at the institute where the work has been carried out; that, if and when the manuscript is accepted for publication, the authors agree to automatic transfer of the copyright to the publisher; and that the manuscript will not be published elsewhere in any language without the consent of the copyright holders.

All articles published in this journal are protected by copyright, which covers the exclusive rights to reproduce and distribute the article (e.g., as offprints), as well as all translation rights. No material published in this journal may be reproduced photographically or stored on microfilm, in electronic data bases, video disks, etc., without first obtaining written permission from the publisher.

The use of general descriptive names, trade names, trademarks, etc., in this publication, even if not specifically identified, does not imply that these names are not protected by the relevant laws and regulations.

While the advice and information in this journal is believed to be true and accurate at the date of its going to press, neither the authors, the editors, nor the publisher can accept any legal responsibility for any errors or omissions that may be made. The publisher makes no warranty, express or implied, with respect to the material contained herein.

Special regulations for photocopies in the USA: Photocopies may be made for personal or in-house use beyond the limitations stipulated under Section 107 or 108 of U.S. Copyright Law, provided a fee is paid. This fee is US \$ 0.20 per page, or a minimum of US \$ 1.00 if an article contains fewer than five pages. All fees could be paid to the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA, stating the ISSN 0340-0794, the volume, and the first and last page numbers of each article copied. The copyright owner's consent does not include copying for general distribution, promotion, new works, or resale. In these cases, specific written permission must first be obtained from the publisher.
